**COMMENTS INVITED ON APPLICATION OF AT&T SERVICES, INC. ON BEHALF OF
SNET AMERICA, INC. D/B/A AT&T LONG DISTANCE EAST TO DISCONTINUE
DOMESTIC TELECOMMUNICATIONS SERVICES**

WC Docket No. 14-60
Comp. Pol. File No. 1151

Comments Due: April 29, 2014

Section 214 Application

Applicant: AT&T Services, Inc. on behalf of SNET America, Inc. d/b/a AT&T Long Distance East

On **April 1, 2014**, **AT&T Services Inc.** (AT&T or Applicant) filed an application with the Federal Communications Commission (FCC or Commission) on behalf of its affiliate, **SNET America, Inc. d/b/a AT&T Long Distance East** (SAI or Applicant), located at **84 Deerfield Lane, Room C2C, Meriden, CT 06450** and **310 Orange Street, Room 6-128, New Haven, CT 06510**, requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue a certain domestic telecommunications service throughout the United States, including the District of Columbia, Puerto Rico, the U.S. Virgin Islands, Guam, the Northern Mariana Islands and American Samoa (Service Areas).

AT&T indicates that SAI currently offers long distance calling card service in the Service Areas. AT&T explains that SAI's long distance calling card service is a long distance travel card that allows users to place interstate calls by dialing a company-provided toll-free access code or number. AT&T states, however, that SAI plans to discontinue this service and no longer offer it in the Service Areas on or after May 15, 2014, subject to Commission authorization. AT&T maintains that the public convenience and necessity will not be impaired by the proposed discontinuance because the service is declining in the market as mobile phones have, in most cases, obviated the need for calling card services. AT&T adds that, in addition to mobile phones, there are other alternatives to calling card services in the market such as pre-paid calling cards and alternate billing services. AT&T indicates that SAI mailed written notice of the proposed discontinuance to its consumer calling card users on March 27, 2014 and to its business calling card users on March 28, 2014. AT&T asserts that SAI is considered a non-dominant carrier with respect to the affected service.

In accordance with section 63.71(c) of the Commission's rules, AT&T's application will be deemed to be granted automatically on the 31st day after the release date of this public notice, unless the Commission notifies AT&T that the grant will not be automatically effective. In the application, AT&T indicates that SAI plans to discontinue long distance calling card service and no longer offer it in the Service Areas on or after May 15, 2014, subject to Commission authorization. Accordingly, pursuant to section 63.71(c) and the terms of the application, absent further Commission action, SAI may discontinue long distance calling card service and no longer offer it in the Service Areas on or after **May 15, 2014**. The Commission normally will authorize proposed discontinuances of service unless it is shown that

customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

Comments objecting to this application must be filed with the Commission on or before **April 29, 2014**. Such comments should refer to **WC Docket No. 14-60 and Comp. Pol. File No. 1151**. Comments should include specific information about the impact of this proposed discontinuance on the commenter, including any inability to acquire reasonable substitute service.
